Rahul Varma Sample Resume

Fictional demonstration profile supplied with Berri Bot

Summary

AI/ML Engineer specializing in Computer Vision, Natural Language Processing, and production ML pipelines. Proficient in Python, PyTorch, Hugging Face, FastAPI, and MLflow.

Skills

{"languages": ["Python", "C++", "SQL", "R"], "frameworks": ["PyTorch", "TensorFlow", "FastAPI", "Scikit-Learn", "Hugging Face Transformers"], "databases": ["PostgreSQL", "Milvus (Vector DB)", "Redis"], "tools_and_platforms": ["Docker", "Kubernetes", "MLflow", "Git", "Weights & Biases", "AWS SageMaker"], "other": ["Deep Learning", "Transfer Learning", "Model Quantization (ONNX)", "REST APIs"]}

Projects

{"title": "MediScan: Automated Chest X-Ray Diagnostic Classifier", "technologies": ["Python", "PyTorch", "TorchVision", "FastAPI", "Docker"], "description": "Trained and deployed a DenseNet-121 model to detect pneumonia and cardiomegaly from 100k+ radiological images with 94.2% ROC-AUC.", "key_highlights": ["Mitigated severe class imbalance using focal loss and dynamic data augmentation", "Exported model to ONNX runtime, achieving 3x inference acceleration on CPU endpoints", "Packaged FastAPI service in a lightweight Docker container deployed on AWS ECS"]}

{"title": "LegalDoc-Summarizer: Multilingual Document Insight Engine", "technologies": ["Hugging Face", "LangChain", "Milvus", "Python"], "description": "Built a Retrieval-Augmented Generation (RAG) system for Indian legal contracts across English and Hindi.", "key_highlights": ["Segmented multi-page legal contracts into semantic chunks with overlapping token windows", "Integrated Milvus vector search with hybrid BM25 re-ranking for accurate clause retrieval"]}

Experience

{"company": "Cognitive AI Labs", "role": "Machine Learning Engineer Intern", "duration": "Jan 2024 - Jun 2024", "responsibilities": ["Benchmarked transformer backbones for domain-specific sentiment analysis", "Automated data preprocessing pipelines using Python and Celery workers"]}

Education

{"degree": "Bachelor of Technology in Data Science & Artificial Intelligence", "institution": "Vellore Institute of Technology (VIT)", "year": "2020 - 2024", "grade_or_gpa": "9.1 / 10 CGPA"}

Certifications

DeepLearning.AI Deep Learning Specialization

TensorFlow Developer Certificate
